## EXAMINATION RULES

- You must be on time for all your examinations.

- You are under formal examinations conditions from the moment you line up on the playground, until you leave the examination room.

- You must not talk to, attempt to communicate with or disturb other candidates once you have entered the examination room.

- Do not write anything on your examination paper until you are instructed to do so.

- You must follow the instructions of the invigilator at all times.

- You must ensure that any mobile phones, internet watches, mp3/iPods, earphones or any other electronic device are switched off and left in your bags before entering the exam halls. These items are not allowed on you under any circumstance during the exams. Possession of a mobile phone or other unauthorised material is breaking the rules, even if you do not intend to use it, and you will be subject to penalty and possible disqualification.

- You are not allowed to wear any kind of wrist watch in the exam hall. Please ensure that you take them off and place them in your bag before entering the room.

- Please make sure that you bring with you to all of your examinations the equipment that you need for your exams. Geometry sets, rulers, calculators and other stationery can be purchased from the Gatehouse.

- Pencil cases must be see through. If you have metal tins containing geometry equipment or other stationery then you must remove the items you need and leave the tin in your bag – they must not be bought to your exam desk.

- The only drinks allowed in the hall are clear bottles of water (not squash or fizzy drinks). Any labels must be removed. Coloured see through bottles are not permitted.

- You must wear correct school uniform to your examinations.
