## **4 Types of abuse**

4.1 As outlined above, all staff will be trained in indicators of abuse and should be able to recognise signs of abuse. We recognise that abuse, neglect and safeguarding issues are complex and can rarely be covered by one label. Abuse can take many forms and can involve directly inflicting harm on a child or failing to protect a child from harm. The four main types of abuse that staff are trained to recognise are:

- Physical abuse
- Sexual abuse
- Emotional abuse

- Neglect.

#### 4.2 Types of abuse (Taken from Working Together to Safeguard Children, 2015)

<b>Type of abuse</b>	<b>Information</b>
Abuse	A form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others (e.g. via the internet). They may be abused by an adult or adults, or another child or children.
Physical abuse	A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.
Emotional abuse	The persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.
Sexual abuse	Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children. The sexual abuse of children by other children is a specific safeguarding issue in education.
Child sexual exploitation (CSE)	CSE is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of

Type of abuse	Information
	power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.
Neglect	The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy, for example, as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate caregivers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

4.3 Indicators of abuse can be found in Appendix B.

4.4 If a child is in immediate danger or at risk of harm, a referral will be made to children's social care (through the MASH) and any member of staff can make this referral. A Designated or Deputy Designated Safeguarding Lead should always be available, but in exceptional circumstances the member of staff should speak to a member of the Senior Leadership Team or seek advice directly from social care and then take appropriate action. The Designated Safeguarding Lead should be made aware as soon as possible.

4.5 Staff, parents and the wider community should report any concerns that they have about the welfare of children, however minor or seemingly insignificant. Staff should not assume that someone else will report concerns.

4.6 Bishop Ullathorne Catholic school recognises that any child can be the victim of abuse and may benefit from early help. However, Bishop Ullathorne Catholic school will be particularly vigilant to potential need for early help if a child:

- Is disabled and have specific additional needs
- has special educational needs (whether they have a statutory education, health and care plan)
- is a young carer
- is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups
- is frequently missing/goes missing from care or from home
- is misusing drugs or alcohol themselves
- Is at risk of modern slavery, trafficking or exploitation
- Is at risk of being radicalised or exploited
- is in a family circumstance presenting challenges for the child, such as drug and alcohol misuse, adult mental health problems or domestic abuse
- has returned home to their family from care and is privately fostered child

- is showing early signs of abuse and/or neglect

4.7 Bishop Ullathorne Catholic school recognises that abuse can take many different forms. Staff will also receive training on the following issues and action will be taken if Bishop Ullathorne Catholic school believes that a child is at risk of or is the victim of:

- physical abuse
- sexual abuse
- child sexual exploitation
- emotional abuse
- neglect
- bullying, including cyber- or online-bullying
- criminal exploitation (including involvement in county lines)
- domestic abuse
- fabricated or induced illness
- faith-based abuse
- female genital mutilation
- forced marriage
- gangs or youth violence
- gender-based violence
- hate
- honour-based violence
- radicalisation
- relationship abuse
- sexual violence or sexual harassment (including peer on peer abuse)
- sexting
- upskirting
- trafficking and modern slavery.

4.8 Bishop Ullathorne Catholic school will also act to protect:

- Children missing education
- Children missing from home or care.

4.9 There are other familial issues that can have a detrimental impact on children.

We work with other agencies in line with Keeping Children Safe in Education (2018) to support children and families in the following circumstances:

- Children facing the court procedures and/or children in the court system
- Children with family members in prison
- Children who are homeless.

4.10 Bishop Ullathorne Catholic school have a duty to refer any children who are living in a private fostering arrangement to the local authority.

4.11 All schools are subject to a duty under section 26 of the Counterterrorism and Security Act 2015 in the exercise of their functions to have “due regard” to the need to prevent people from being drawn into terrorism. See Appendix B for further information on Bishop Ullathorne Catholic school’s Prevent duty.

4.12 If any member of staff is unsure about signs of abuse or neglect, they should speak to the Designated Safeguarding Lead.

4.13 See Appendix B for further information and guidance on the above issues.<sup>3</sup>

## 5 Responding to signs of abuse

5.1 If a member of staff, parent or member of the public is concerned about a child's welfare, they should report it to the designated safeguarding lead as soon as possible. On occasions when the designated safeguarding lead is not available, it should be reported to the deputy safeguarding lead without delay. Although any member of staff can make a referral to Children's social care, where possible there should be a conversation with the Designated Safeguarding Lead.

5.2 If anyone other than the Designated Safeguarding Lead makes a referral to children's social care or to the police, they should inform the DSL as soon as possible.

5.2 All staff will be alert to indicators of abuse and will report any of the following to the Designated Safeguarding Lead immediately:

- Any concern or suspicion that a child has sustained an injury outside what is reasonably attributable to normal play
- Any concerning behaviours exhibited by children that may indicate that they have been harmed or are at risk of harm, including unusual changes in mood or behaviour, concerning use of language and/or concerning drawings or stories
- Any significant changes in attendance or punctuality
- Any significant changes in a child's presentation
- Any concerns relating to people who may pose a risk of harm to a child; and/or
- Any disclosures of abuse that children have made.

5.3 There will be occasions where a child discloses abuse directly to a member of staff. If this happens, the member of staff will:

- listen carefully to the child and believe what they are saying
- not promise confidentiality, as information may need to be passed on so the child and family can receive additional support
- only ask for clarification if something is unclear and will not ask 'leading' questions
- report disclosure to the designated safeguarding lead as soon as possible, certainly by the end of the day
- only discuss the issue with colleagues that need to know about it and
- will write up the disclosure and pass it to the designated safeguarding lead. It is likely they will have a discussion with the DSL prior to this.

5.4 The designated safeguarding lead will make a decision about the action that needs to be taken following a member of staff raising a concern about a child or following a direct disclosure. The DSL may:

- Manage support for the child internally
- Seek advice from the social worker advice line in the MASH
- Instigate single agency intervention and work directly with the family to improve the situation
- Offer an Early Help Assessment to provide multi-agency help to a family

---

<sup>3</sup> Please note that definitions of physical, sexual, emotional abuse and neglect are contained in the main body of the policy. Further information about other safeguarding issues and indicators of abuse can be found in Appendix B.

- In cases where children are deemed to be at significant risk of harm, the DSL will refer cases to the MASH for statutory intervention. Parental consent will be obtained wherever possible before referring cases to the MASH. However, if Bishop Ullathorne Catholic school is worried that telling parents will mean the child is at greater risk of harm, we may do this without informing them
- If parents do not consent to a referral but Bishop Ullathorne Catholic school believes that a child is at significant risk of harm, a referral will still be made to children's social care.

5.5 For further information about the Coventry Safeguarding Children Board's 'Right Help, Right Time' guidance, which is used by Bishop Ullathorne Catholic school to make decisions about protecting children, please visit <http://www.coventry.gov.uk/righthelprighttime>.

5.6 See page 16 for flowchart of actions that will be taken where there are concerns about a child (taken from Keeping Children Safe in Education, September 2018).

5.7 In cases where members of staff become aware that Female Genital Mutilation (FGM) has been carried out on a female below the age of 18, they have a mandatory duty to report this to the police without delay and will do so. Staff should refer this to the DSL, but the legislation requires regulated health and social care professionals and teachers in England and Wales to make a report to the police where, in the course of their professional duties, they:

- are informed by a girl under 18 that an act of FGM has been carried out on her; or
- observe physical signs which appear to show that an act of FGM has been carried out on a girl under 18 and have no reason to believe that the act was necessary for the girl's physical or mental health or for purposes connected with labour or birth

5.8 Bishop Ullathorne Catholic school understands that both adults and other children can perpetrate abuse, and peer on peer abuse is taken very seriously. Peer on peer abuse can include bullying, cyber-bullying, physical abuse, sexting, sexual violence and/or harassment and initiation/hazing ceremonies. Bishop Ullathorne Catholic school recognise that safeguarding issues can manifest as peer on peer abuse.

**5.8.1 Bishop Ullathorne Catholic school will ensure staff understand what is meant by peer on peer abuse by:**

- Ensuring regular training is provided to all staff regularly through the year on safeguarding children and identifying types of abuse
- Ensure that the DSL and deputy DSL are provided with regular training and support to carry out their roles effectively
- Ensure that all relevant policies are provided to staff, with an instruction to read them, checked and validated.

**5.8.2 Bishop Ullathorne Catholic school will work to prevent peer on peer abuse by:**

- Clearly communicate the Ullathorne Way and give witness to it in all that we do to create a culture of support, love and respect
- Ensuring assemblies and CPSHE are used at regular intervals during the year to communicate safe behaviours to students and staff.

5.8.3 In the event that an allegation of peer on peer abuse is made, Bishop Ullathorne Catholic school will investigate this. Where necessary and appropriate statements will be taken, and parents/carers informed.

5.8.4 In the event that an allegation of peer on peer abuse is made, victims and alleged perpetrators will be supported by pastoral staff and where necessary and appropriate external agencies, to reconcile and resolve the issue.

- 5.8.5 Bishop Ullathorne Catholic school will never pass off peer on peer abuse as 'banter' or 'part of growing up'.
- 5.8.6 Children can abuse other children. This is generally referred to as peer on peer abuse and can take many forms. This can include (but is not limited to) bullying (including cyberbullying); sexual violence and sexual harassment; physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm; sexting and initiating/hazing type violence and rituals. All disclosures will be taken seriously and be dealt with in a discrete and appropriate fashion, including parents and external authorities where necessary.
- 5.8.7 Bishop Ullathorne Catholic school will adhere to guidance set out in Keeping Children Safe in Education (2019) and Sexual Violence and Sexual Harassment in Schools (May 2018) when responding to incidents of peer on peer abuse.

### **5.9 Youth Produced Sexual Imagery ('sexting')**

5.9.1 'Sexting' refers to any sharing of youth-produced sexual imagery between children. This includes:

- A person under the age of 18 creating and sharing sexual imagery of themselves with a peer under the age of 18
- A person under the age of 18 sharing sexual imagery created by another person under the age of 18 with a peer under the age of 18 or an adult
- A person under the age of 18 being in possession of sexual imagery created by another person under the age of 18.

5.9.2 Bishop Ullathorne Catholic school has a responsibility to educate children in the risks relating to 'sexting' and how to keep themselves safe online. (see e-safety policy for further guidance).

5.9.3 Any incidents or suspected incidents of 'sexting' should be reported to the DSL without delay.

5.9.4 Once reported to the DSL, the DSL will decide on the appropriate course of action. This could include:

- Confiscation of mobile phones in line with guidance 'Searching, Screening and Confiscation, January 2018)
- Referrals to the police and/or MASH
- Sanctions in accordance with behaviour policy;
- Support for young people involved to prevent reoccurrence.

5.9.5 Bishop Ullathorne Catholic school recognises that safeguarding incidents can be associated with factors outside Bishop Ullathorne Catholic school and may take place outside of school. We will always consider contextual safeguarding factors when responding to safeguarding incidents.

5.9.6 Any incidents of 'sexting' involving the following will result in a MASH and/or Police referral:

- Adult involvement
- Coercion or blackmail
- Children under the age of 13
- Extreme, or violent content
- Immediate risk of harm.

5.9.7 Staff will not view images or videos on pupil devices. Confiscated devices will be stored securely and passed to the relevant agencies.

5.9.8 We will work with parents as necessary if their child is involved in 'sexting'.

5.9.9 We operate a culture of safeguarding and young people should feel confident to disclose if they have sent an inappropriate image of themselves. Children will always be supported to retrieve and delete the images.

#### **5.10 Searching, Screening and Confiscation**

5.10.1 Where necessary, searching, screening and confiscation will be used to safeguard a child/children in Bishop Ullathorne Catholic school

5.10.2 Bishop Ullathorne Catholic school adheres to 'Searching, Screening and Confiscation: Advice for Schools (May 2018).

5.10.3 Please see behaviour policy for further information.

#### **5.11 Upskirting**

5.11.1 Bishop Ullathorne Catholic School has a responsibility to educate children in the risks of the law relating to Upskirting.

5.11.2 'Upskirting' typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm. It is now a criminal offence.

5.11.3 Upskirting is a form of abuse. It can be perpetrated by adults or it can be a form of peer on peer abuse. Any concerns that a child has been the victim of upskirting, or any signs that a child has taken upskirting photos of someone else should be reported to the DSL as soon as possible. Peer on peer abuse is taken as seriously as abuse of children by adults.

5.11.4 Any incidents of 'upskirting' involving the following will result in a MASH and/or Police referral

5.11.5. Staff will not view images or videos on pupil devices. Confiscated devices will be stored securely and passed to the relevant agencies.

## Actions where there are concerns about a child

5.13 If a child's situation does not appear to be improving following a referral, Bishop Ullathorne Catholic school may re-refer the child. We will also consider using the [LSCB's Escalation Policy](#). to ensure that our concerns have been addressed and that the situation improves for the child.

## **6 Record-keeping**

6.1 A written record of all safeguarding and/or child protection concerns, discussions and decisions made will be kept in individual children's files. This will be stored on the CPOMS system and can only be accessed by the relevant safeguarding team.

6.2 Staff will submit all concerns via CPOMS to the DSL at the earliest opportunity. This may be after having a verbal conversation, but conversations will also be followed up in writing.

6.3 In the event that a child moves school, the safeguarding file will be transferred to the new setting securely and separately from the main school file via CPOMS. Once received by the new school, this school will not retain the information.

6.4 Bishop Ullathorne Catholic school will seek at least two emergency contacts for every child.

6.5 All data processed by Bishop Ullathorne Catholic school is done so in line with the General Data Protection Guidelines. Please see the data protection policy for additional information.

## **7 Photography and Images**

7.2 Parents can withdraw consent at any time and must notify Bishop Ullathorne Catholic school if they do not wish their child's photographs to be used.

7.3 Photographs of children used publicly will not be displayed with their name or other personal information.

7.4 Photographs of children will be processed in line with the General Data Protection Regulation.

## **8 Early Help**

8.1 Bishop Ullathorne Catholic school is committed to supporting families as soon as a possible problem arises. It is more effective to support a family through early help than reacting to a problem later. Everyone who comes into contact with children and their families and carers have a role to play in safeguarding children. Bishop Ullathorne Catholic school works closely with its neighbouring family hub to work with families in the community to improve outcomes for children.

8.2 Bishop Ullathorne Catholic school works within the LSCB ['Right Help, Right Time'](#) framework, available on the LSCB website.

## **9 Staff training**

9.1 In order for staff to be able to understand and discharge their safeguarding and child protection duties, Bishop Ullathorne Catholic school has committed to training staff throughout the academic year. All staff members will be made aware of Bishop Ullathorne Catholic school's safeguarding processes and structures and will receive training on these as part of their induction. - receive refresher training twice more through the year
- receive DSL briefings as appropriate
- receive training on mental health and appropriate pastoral procedures through the SENCo and pastoral staff
- receive Governor training annually.

9.3 Bishop Ullathorne Catholic school recognise that children may engage in risky behaviours that may put them at additional risk of danger. These can include drug taking, alcohol abuse, truanting and 'sexting'<sup>4</sup>. Staff will be training in these areas in order to be able to further recognise if a child is at risk of harm.

10.4 At least one member of every interview panel will have undergone Safer Recruitment training.

10.5 We take proportionate decisions on whether to check individuals beyond what is required.

10.6 Any visitor to Bishop Ullathorne Catholic school who has not been subject to the necessary checks will always be supervised.

## **11 Allegations of abuse against staff**

11.1 Bishop Ullathorne Catholic school takes all allegations against staff seriously and will manage them in line with this policy, Part Four of Keeping Children Safe in Education (September 2018) and the LSCB Guidance, [‘Managing Allegations against Staff and Persons in a Position of Trust’](#).

11.2 If a concern or allegation of abuse arises against the Headteacher, it must be reported to the Chair of Governors without delay.

11.3 If a concern or allegation of abuse arises against any member of staff other than the Headteacher, it must be reported to the Headteacher without delay.

11.4 Allegations of abuse against staff must be reported to the Headteacher or Chair of Governors as appropriate and not discussed directly with the person involved.

11.5 The Headteacher or Chair of Governors should consider if the allegation meets the threshold for Designated Officer intervention. The Local Authority designated officer is Angie Bishop and contact details can be found on the front of this policy.

11.6 Concerns relating to a position of trust issue will be referred to the Local Authority designated officer within 24 hours.

11.7 If a child has suffered abuse or harm, a MASH referral will also be made.

11.8 In the instances where an allegation is dealt with internally, the Local Authority designated officer will provide information and support to Bishop Ullathorne Catholic school in managing the allegation.

11.9 A referral to the Disclosure and Barring Service will be made if a member of staff is dismissed or removed from their post as a result of safeguarding concerns or would have been removed if they had not have resigned.

### **11.9 Whistleblowing**

11.9.1 Bishop Ullathorne Catholic school operates a culture of safeguarding and all staff should report any concerns about poor or unsafe practice, or Bishop Ullathorne Catholic school’s safeguarding processes to the senior leadership team.

11.9.2 The senior leadership team will take all concerns seriously.

11.9.3 In the event that a member of staff is unable to raise an issue with senior leadership in school, they should refer to Part 1 of Keeping Children Safe in Education for additional guidance on whistleblowing procedures.

## **12 Promoting safeguarding and welfare in the curriculum**

12.1 Bishop Ullathorne Catholic school recognises the importance of teaching children how to stay safe and look after their mental health and are committed to equipping children with the skills and knowledge to have successful and happy lives.

12.2 Children at Bishop Ullathorne Catholic school will receive the following as part of our promotion of safeguarding across the curriculum:

- Weekly CPSHE lessons dealing with personal safety, e-safety, sex education
- Lessons on LGBTQ and the PREVENT strategy through RE

- Access to a direct e-mail system for reporting any concerns or issues to the DSL and deputy DSL.

## **13 Children Looked After**

13.1 The most common reason for children to be looked-after is because they have experienced abuse and/or neglect. Bishop Ullathorne Catholic school recognises that children looked after may have additional vulnerabilities. The Designated Lead for Looked-After and Previously Looked-After Children is Christopher Billings.

13.2 Staff will receive training on how to best safeguard children who are Looked-After and Previously Looked-After.

13.3 Bishop Ullathorne Catholic school will work with Personal Advisors when children leave care (where applicable).

13.4 Bishop Ullathorne Catholic school is committed to working with other agencies to ensure the best outcomes for Looked-After and Previously Looked-After children.

## **14 Children with Special Educational Needs and disabilities**

14.1 As outlined in Keeping Children Safe in Education (2019), Bishop Ullathorne Catholic school is aware that children with additional needs or disabilities may be more vulnerable to abuse and additional barriers may exist when recognising abuse and neglect. This could be because:

- assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- being more prone to peer group isolation than other children;
- the potential for children with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs; and
- communication barriers and difficulties in overcoming these barriers.<sup>5</sup>

4.2 Staff will be trained in recognising signs of abuse in children with SEN and disabilities.

4.3 Staff will consider the needs of a child when responding to concerns of abuse or when taking a disclosure. We recognise that some children require specialist intervention to communicate and advice from the SENCO will be sought in these circumstances.

4.4 Safeguarding learning opportunities within the curriculum will be appropriately differentiated to ensure all children can access it.

## **15 Use of reasonable force**

15.1 There may be occasions when staff are required to use reasonable force to safeguard children. We will not use any more force than is necessary.

Staff are informed that they may only use reasonable force to restrain a child if there is risk of harm to themselves or another person, as a result of the child's actions/inaction.

Any contact with a child must be logged immediately with the DSL or deputy DSL.

## **16 Summary**

19.1 Bishop Ullathorne Catholic school is committed to safeguarding children and will always make safeguarding decisions that are in the best interests of each child. For further information or if you have any queries about this policy, please contact Bishop Ullathorne Catholic school.

## **Appendix B – Further Safeguarding Information**

### **Types of Abuse**

As outlined in paragraph 4.6, Bishop Ullathorne Catholic school will act if we believe a child is at risk of or is suffering from abuse. Abuse is not limited to physical, emotional, sexual abuse and neglect. For further information on the definitions of the types of abuse below, please refer to Keeping Children Safe in Education 2019, Annex A.

See below for policy information relating to other key safeguarding issues. All decisions taken in responding to concerns of abuse will be taken in the best interests of the child.

#### **Bullying, including cyber- or online-bullying**

Bishop Ullathorne Catholic school takes all forms of bullying seriously and will respond sensitively and quickly to any reported bullying. Children should report any bullying to their form tutor, to the DSL or to any trusted member of staff and we will work to resolve it.

We also teach children about the dangers of bullying through our curriculum.

Bullying can take many forms and we have several policies that cover different aspects of bullying. Please see the Anti-Bullying Policy, the Behaviour Policy and paragraph 5.8 of this policy for further information. Bishop Ullathorne classifies bullying as a persistent, deliberate attempt to hurt or humiliate someone'

There may sometimes be misunderstanding about the meaning of the term 'bullying'. One-off incidents, whilst they may be very serious and must always be dealt with, do not fall within the definition of 'bullying'.

#### **Criminal exploitation (including involvement in county lines)**

Criminal exploitation of children is a geographically widespread form of harm that is a typical feature of county lines criminal activity: drug networks or gangs groom and exploit children and young people to carry drugs and money from urban areas to suburban and rural areas, market and seaside towns. Key to identifying potential involvement in county lines are missing episodes, when the victim may have been trafficked for the purpose of transporting drugs and a referral to the National Referral Mechanism<sup>12</sup> should be considered. Like other forms of abuse and exploitation, county lines exploitation:

- can affect any child or young person (male or female) under the age of 18 years;
- can affect any vulnerable adult over the age of 18 years;
- can still be exploitation even if the activity appears consensual;
- can involve force and/or enticement-based methods of compliance and is often accompanied by violence or threats of violence;
- can be perpetrated by individuals or groups, males or females, and young people or adults; and
- is typified by some form of power imbalance in favour of those perpetrating the exploitation. Whilst age may be the most obvious, this power imbalance can also be due to a range of other factors including gender, cognitive ability, physical strength, status, and access to economic or other resources.

## **Domestic abuse**

The cross-government definition of domestic violence and abuse is:

Any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality.

The abuse can encompass, but is not limited to:

- psychological;
- physical;
- sexual;
- financial; and
- emotional

Exposure to domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result. Domestic abuse affecting young people can also occur within their personal relationships, as well as in the context of their home life. Advice on identifying children who are affected by domestic abuse and how they can be helped is available at:

- NSPCC- UK domestic-abuse signs symptoms effects
- Refuge what is domestic violence/effects of domestic violence on children
- Safe young lives: young people and domestic abuse.

## **Fabricated or induced illness**

Fabricated or induced illness (FII) is a rare form of child abuse. It occurs when a parent or carer, usually the child's biological mother, exaggerates or deliberately causes symptoms of illness in the child.

FII is also known as "Munchausen's syndrome by proxy" (not to be confused with Munchausen's syndrome, where a person pretends to be ill or causes illness or injury to themselves).

Signs of fabricated or induced illness.

FII covers a wide range of symptoms and behaviours involving parents seeking healthcare for a child. This ranges from extreme neglect (failing to seek medical care) to induced illness.

Behaviours in FII include a mother or other carer who:

- persuades healthcare professionals that their child is ill when they're perfectly healthy
- exaggerates or lies about their child's symptoms
- manipulates test results to suggest the presence of illness – for example, by putting glucose in urine samples to suggest the child has diabetes
- deliberately induces symptoms of illness – for example, by poisoning her child with unnecessary medication or other substances.

## **Homelessness**

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare. The designated safeguarding lead (and any deputies) should be aware of contact details and referral routes in to the Local Housing Authority so they can raise/progress concerns at the earliest opportunity. Indicators that a family may be at risk of homelessness include household debt, rent arrears, domestic abuse and anti-social behaviour, as well as the family being asked to leave a property. Whilst referrals and/or discussion with the Local Housing Authority should be progressed as appropriate, and in accordance with local procedures, this does not, and should not, replace a referral into children's social care where a child has been harmed or is at risk of harm.

The Homelessness Reduction Act 2017 places a new legal duty on English councils so that everyone who is homeless or at risk of homelessness will have access to meaningful help including an assessment of their needs and circumstances, the development of a personalised housing plan, and work to help them retain their accommodation or find a new place to live. The new duties shift focus to early intervention and encourage those at risk to seek support as soon as possible, before they are facing a homelessness crisis.

In most cases school and college staff will be considering homelessness in the context of children who live with their families, and intervention will be on that basis. However, it should also be recognised in some cases 16- and 17-year olds could be living independently from their parents or guardians, for example through their exclusion from the family home and will require a different level of intervention and support. Children's services will be the lead agency for these young people and the designated safeguarding lead (or a deputy) should ensure appropriate referrals are made based on the child's circumstances. The department and the Ministry of Housing, Communities and Local Government have published joint statutory guidance on the provision of accommodation for 16- and 17-year olds who may be homeless and/or require accommodation.

## **So-called 'honour-based' violence (including Female Genital Mutilation and Forced Marriage)**

So-called 'honour-based' violence (HBV) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community,

including female genital mutilation (FGM), forced marriage, and practices such as breast ironing. Abuse committed in the context of preserving “honour” often involves a wider network of family or community pressure and can include multiple perpetrators. It is important to be aware of this dynamic and additional risk factors when deciding what form of safeguarding action to take. All forms of HBV are abuse (regardless of the motivation) and should be handled and escalated as such. Professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a child being at risk of HBV, or already having suffered HBV.

### Actions

If staff have a concern regarding a child that might be at risk of HBV or who has suffered from HBV, they should speak to the designated safeguarding lead (or deputy). As appropriate, they will activate local safeguarding procedures, using existing national and local protocols for multi-agency liaison with police and children’s social care. Where FGM has taken place, since 31 October 2015 there has been a mandatory reporting duty placed on teachers<sup>103</sup> that requires a different approach

**Female genital mutilation** FGM comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and a form of child abuse with long-lasting harmful consequences.

FGM mandatory reporting duty for teachers Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) places a statutory duty upon teachers along with regulated health and social care professionals in England and Wales, to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. Those failing to report such cases will face disciplinary sanctions. It will be rare for teachers to see visual evidence, and they should not be examining pupils, but the same definition of what is meant by “to discover that an act of FGM appears to have been carried out” is used for all professionals to whom this mandatory reporting duty applies. Information on when and how to make a report can be found at: Mandatory reporting of female genital mutilation procedural information. Teachers must personally report to the police cases where they discover that an act of FGM appears to have been carried out. Unless the teacher has good reason not to, they should still consider and discuss any such case with the school or college’s designated safeguarding lead (or deputy) and involve children’s social care as appropriate. The duty does not apply in relation to at risk or suspected cases (i.e. where the teacher does not discover that an act of FGM appears to have been carried out, either through disclosure by the victim or visual evidence) or in cases where the woman is 18 or over. In these cases, teachers should follow local safeguarding procedures. An FGM Fact Sheet can be found at:

[https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment\\_data/file/496415/6\\_1639\\_HO\\_SP\\_FGM\\_mandatory\\_reporting\\_Fact\\_sheet\\_Web.pdf](https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/496415/6_1639_HO_SP_FGM_mandatory_reporting_Fact_sheet_Web.pdf)

Under Section 5B(11)(a) of the Female Genital Mutilation Act 2003, “teacher” means, in relation to England, a person within section 141A(1) of the Education Act 2002 (persons employed or engaged to carry out teaching work at schools and other institutions in England). 14 Section 5B(6) of the Female Genital Mutilation Act 2003 states teachers need not report a case to the police if they have reason to believe that another teacher has already reported the case.

## **Forced marriage**

Forcing a person into a marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent (if they have learning disabilities, for example). Nevertheless, some communities use religion and culture to coerce a person into marriage. Schools and colleges can play an important role in safeguarding children from forced marriage.

The Forced Marriage Unit has published statutory guidance and Multi-agency guidelines, with pages 35-36 of which focus on the role of schools and colleges. School and college staff can contact the Forced Marriage Unit if they need advice or information: Contact: 020 7008 0151 or email [fmf@fco.gov.uk](mailto:fmf@fco.gov.uk).

## **Gangs or youth violence**

Young people can be vulnerable to the community or 'family feel' of a gang. Once a child has become involved in a gang or regular youth violence it can be extremely difficult to extricate themselves. Students can show signs of this through becoming increasingly withdrawn or more vocally aggressive in school. Schools are vulnerable to recruitment. Warning signs include 'tagging' placed around school, or older students using younger students to carry out errands or carry items for them. Staff should always remain vigilant to any changes in the students' behaviour. Referrals to the MASH should be made with concerns. Equally use of family hubs and community police can support a child who is vulnerable.

## **Gender-based violence**

Gender-based violence is violence against women based on women's subordinate status in society. It includes any act or threat by men or male dominated institutions that inflict physical, sexual, or psychological harm on a woman or girl because of their gender. In most cultures, traditional beliefs, norms and social institutions legitimize and therefore perpetuate violence against women. Gender-based violence includes physical, sexual and psychological violence such as domestic violence; sexual abuse, including rape and sexual abuse of children by family members; forced pregnancy; sexual slavery; traditional practices harmful to women, such as honour killings, burning or acid throwing, female genital mutilation, dowry-related violence; violence in armed conflict, such as murder and rape; and emotional abuse, such as coercion and abusive language. Trafficking of women and girls for prostitution, forced marriage, sexual harassment and intimidation at work are additional examples of violence against women. Gender violence occurs in both the 'public' and 'private' spheres. Such violence not only occurs in the family and in the general community but is sometimes also perpetuated by the state through policies or the actions of agents of the state such as the police, military or immigration authorities. Gender-based violence happens in all societies, across all social classes, with women particularly at risk from men they know.

## **Hate**

A Hate crime or 'hate abuse' is any hate incident, which constitutes a criminal offence, perceived by the victim or any other person, as being motivated by prejudice or hate. A hate incident is any incident, which may or may not constitute a criminal offence, which is perceived by the victim or any other person, as being motivated by prejudice or hate.

Forms of hate abuse constitute any incident where a child or anyone else has been targeted because they are believed to be of a different:

- race

- religion / belief
- sexual orientation
- gender identity
- or have a disability.

Hate crimes are directed against people because of some aspect of who they are, most typically because they are from an ethnic minority or visible religious minority, or because of their sexuality.

Hate crime covers a wide range of behaviour, for example verbal abuse, racist or homophobic graffiti or physical assault. A crime can be classed as a hate crime if the victim or witness see it as being so.

### **Radicalisation and Extremism**

Children are vulnerable to extremist ideology and radicalisation. Similar to protecting children from other forms of harm and abuse, protecting children from this risk should be a part of a schools' or colleges' safeguarding approach.

Extremism is the vocal or active opposition to our fundamental values, including the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces. Radicalisation<sup>16</sup> refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.

There is no single way of identifying whether a child is likely to be susceptible to an extremist ideology. Background factors combined with specific influences such as family and friends may contribute to a child's vulnerability. Similarly, radicalisation can occur through many different methods (such as social media) and settings (such as the internet).

However, it is possible to protect vulnerable people from extremist ideology and intervene to prevent those at risk of radicalisation being radicalised. As with other safeguarding risks, staff should be alert to changes in children's behaviour which could indicate that they may be in need of help or protection. Staff should use their judgement in identifying children who might be at risk of radicalisation and act proportionately which may include the designated safeguarding lead (or deputy) making a referral to the Channel programme.

### **The Prevent duty**

All schools and colleges are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 (the CTSA 2015), in the exercise of their functions, to have "due regard<sup>17</sup> to the need to prevent people from being drawn into terrorism".<sup>18</sup> This duty is known as the Prevent duty. The Prevent duty should be seen as part of schools' and colleges' wider safeguarding obligations. Designated safeguarding leads and other senior leaders should familiarise themselves with the Revised Prevent duty guidance: for England and Wales, especially paragraphs 57-76 which are specifically concerned with schools (and also covers childcare). The guidance is set out in terms of four general themes: Risk assessment, working in partnership, staff training, and IT policies. Additional support the department has published advice for schools on the Prevent duty. The advice is intended to complement the Prevent guidance and signposts other sources of advice and support.

There is additional guidance: Prevent duty guidance: for further education institutions in England and Wales that applies to colleges.

Educate Against Hate, a website launched by the Her Majesty's Government has been developed to support and equip school and college leaders, teachers, and parents with information, tools and resources (including on the promotion of fundamental British values)

to help recognise and address extremism and radicalisation in young people. The platform provides information on and access to training resources for teachers, staff and school and college leaders, some of which are free such as Prevent e-learning, via the Prevent Training catalogue.

### **Channel**

Channel is a programme which focuses on providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism. It provides a mechanism for schools and colleges to make referrals if they are concerned that an individual might be vulnerable to radicalisation. An individual's engagement with the programme is entirely voluntary at all stages. Channel guidance, and a Channel awareness e-learning programme is available for staff at: Channel General Awareness. The school or college's Designated Safeguarding Lead (and any deputies) should be aware of local procedures for making a Channel referral. As a Channel partner, the school or college may be asked to attend a Channel panel to discuss the individual referred to determine whether they are vulnerable to being drawn into terrorism and consider the appropriate support required.

### **Peer on peer abuse**

Children can abuse other children. This is generally referred to as peer on peer abuse and can take many forms. This can include (but is not limited to): bullying (including cyberbullying); sexual violence and sexual harassment; physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm; sexting and initiation/hazing type violence and rituals.

### **Relationship abuse**

Relationship abuse is a pattern of abusive and coercive behaviours used to maintain power and control over a former or current partner. Abuse can be emotional, financial, sexual or physical and can include threats, isolation, and intimidation. Abuse tends to escalate over time. When someone uses abuse and violence against a partner, it is always part of a larger pattern of control.

### **Sexual violence or sexual harassment (including peer-on-peer abuse)**

It is important that school and college staff are aware of sexual violence and the fact children can, and sometimes do, abuse their peers in this way. When referring to sexual violence we are referring to sexual offences under the Sexual Offences Act 2003<sup>19</sup> as described below:

**Rape:** A person (A) commits an offence of rape if: he intentionally penetrates the vagina, anus or mouth of another person (B) with his penis, B does not consent to the penetration and A does not reasonably believe that B consents.

**Assault by Penetration:** A person (A) commits an offence if: s/he intentionally penetrates the vagina or anus of another person (B) with a part of her/his body or anything else, the penetration is sexual, B does not consent to the penetration and A does not reasonably believe that B consents.

**Sexual Assault:** A person (A) commits an offence of sexual assault if: s/he intentionally touches another person (B), the touching is sexual, B does not consent to the touching and A does not reasonably believe that B consents.

### **What is consent?**

Consent is about having the freedom and capacity to choose. Consent to sexual activity may be given to one sort of sexual activity but not another, e.g. to vaginal but not anal sex or

penetration with conditions, such as wearing a condom. Consent can be withdrawn at any time during sexual activity and each time activity occurs. Someone consents to vaginal, anal or oral penetration only if s/he agrees by choice to that penetration and has the freedom and capacity to make that choice.

### **Sexual harassment**

When referring to sexual harassment we mean 'unwanted conduct of a sexual nature' that can occur online and offline. When we reference sexual harassment, we do so in the context of child on child sexual harassment. Sexual harassment is likely to: violate a child's dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment. Whilst not intended to be an exhaustive list, sexual harassment can include:

- sexual comments, such as: telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualised names
- sexual "jokes" or taunting
- physical behaviour, such as: deliberately brushing against someone, interfering with someone's clothes (schools and colleges should be considering when any of this crosses a line into sexual violence - it is important to talk to and consider the experience of the victim) and displaying pictures, photos or drawings of a sexual nature and
- online sexual harassment. This may be standalone, or part of a wider pattern of sexual harassment and/or sexual violence.

It may include:

- non-consensual sharing of sexual images and videos;
- sexualised online bullying;
- unwanted sexual comments and messages, including, on social media; and
- sexual exploitation; coercion and threats the response to a report of sexual violence or sexual harassment
- Sexting (sending sexually explicit images or language via mobile phone or electronic device)

### **Upskirting<sup>113</sup>**

'Upskirting' typically involves taking a picture under a person's clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm. It is now a criminal offence.

### **Trafficking and modern slavery**

Slavery did not end with abolition in the 19th century. Instead, it changed its forms and continues to harm people in every country in the world.

Whether they are women forced into prostitution, men forced to work in agriculture or construction, children in sweatshops or girls forced to marry older men, their lives are controlled by their exploiters, they no longer have a free choice and they must do as they're told. They are in slavery.

Today slavery is less about people literally owning other people – although that still exists – but more about being exploited and completely controlled by someone else, without being able to leave. Today there are an estimated 40.3 million people in slavery around the world.

Someone is in slavery if they are:

- forced to work – through coercion, or mental or physical threat;
- owned or controlled by an 'employer', through mental or physical abuse or the threat of abuse;

## **Children missing from education, home or care**

Bishop Ullathorne Catholic school will also act to protect:

- Children missing education
- Children missing from home or care.

### **Children Missing Education**

Full guidance on Children Missing Education can be found at:

<https://www.gov.uk/government/publications/children-missing-education>

### **Children Missing from home or care**

Safeguarding against children missing from education is outlined in our Attendance policy (Bishop Ullathorne website).

Any absenteeism to school without a valid reason provided by parents is addressed through our first day call system. Pastoral Support Managers and our Educational Welfare Officer ensure phone calls are made to all parents/carers of children who are absent without a valid reason.

Police reports are received regularly outlining if a child has been reported missing by parents. All reports are followed up by the pastoral team and DSL where necessary.

### **Private Fostering**

Bishop Ullathorne Catholic school have a duty to refer any children who are living in a private fostering arrangement to the local authority.

We will do this through a MASH referral. It is important that parents/carers inform us if a child is going to be staying at an alternative address to that of their primary caregivers for more than 28 days
